Institutional Endorser

An institutional endorsement is required for all undergraduate students but is not required for college graduates. If you are an undergraduate student, answer "Yes" to the question "Are you an undergraduate student?" in the Personal Information section, to view the form below on this page. If you are not an undergraduate, then answer "No." The Mitchell Scholarship Program will accept institutional endorsements from a university president, dean, or fellowship advisor.
All applicants must identify four recommenders. All recommenders are notified of your request by email, so please ensure you have the proper email contact when submitting their information.

Once a recommender has submitted a letter on your behalf, that recommendation is final.

After your application has been submitted, you cannot update your recommenders (though you will be able to check the status and send reminder requests). We recommend that you verify the availability of your recommenders in advance.

Description
The personal statement/essay is your opportunity to share your personality, interests, experiences, and goals with the selection committee. It should briefly convey why you want to be a Mitchell Scholar and how you will advance your personal objectives through study on the island of Ireland. It should not simply re-state your list of activities, which is covered elsewhere on the application. Please read the attestation clause at the bottom of this page before starting your personal statement. While you may now collaborate with advisors and/or mentors in crafting your personal statement, it should be a truthful representation of your experiences. Please read Completing the Application for more information.

We recommend that you save a copy of your personal statement and/or application as we cannot provide copies after submission.

Most common errors:
Exceeding the maximum allowed length of 1,000 words (see counter below).

☐ I attest that this personal statement is my own work, represents my views and experiences, and is wholly truthful.
